Council Corner

At January's council meeting the proposal for splitting land into parcels on Raisin street was discussed and referred to the planning commission. A public hearing was held in February regarding this matter. After the hearing the matter was returned to council and was approved at the February meeting. Also the idea of replacing some of the older trees in the village was discussed. Many of the older ones have been removed because of condition and safety concerns. New locations are also being considered. Sidewalks and lighting were two other items that were discussed. The last item discussed was the update of the village master plan. If you have any thoughts on the future of Maybee, please let a council member know. The village website was down for some updates but is now up and running again.

6:00 PM Preschool Storytime--Maybee Branch Library

Downtown Maybee Day

The committee is still looking for a few more volunteers to help with the event. Even an hour of your time would make a big difference in making the day a big success. Contact Stephannie at First Merit Bank if you would like to be part of the committee. It is amazing how many people come to Maybee on that day. This is the 38th annual event.

It will soon be baseball season so think Spring. If you would like to be part of the Maybee Recreation program you can call the village hall, 734-587-2900, and leave your name and number. Someone from the committee will contact you and let you know how you can help with the program.
