## Council Corner

At the October council meeting the decision was made to establish regular business hours for the Village of Maybee. Because of the increased requirements to run a local government and the number of reports and increased use of computer generated reports, the village will start keeping regular hours. Starting the first of the year the village office will be open from 8:00 am till noon Monday through Friday. Also passed was a motion to proceed with a new restroom/concession building at the new Stoneco Baseball Field. This project will be funded by the money received from Stoneco. Much of the work will be by volunteers like the first building at the other field. The village council also approved a contract for the City of Monroe to continue operating the water system in the village.

---

## ELECTION TIME

Just a reminder that there are local elections taking place on November 8 also. Village President and three Council members are on the ballot and the elected officials of Exeter Township are also on the ballot. Registered village residents may vote for both governments.

---

## HALLOWEEN

Trick or treating in the village will take place on October 31<sup>st</sup> from 6:30 pm till 8:00 pm.

---
