

- All underground utility installations, including lines for street lighting systems, which traverse privately owned property shall be protected by easements granted by the proprietor and approval by the public utility. These easements shall be recorded on the final plat as private easements for public utilities or easements provided by separate instrument.
- All public improvements such as street lights, fire hydrants, sidewalks, parks, etc., which have been required by the village council, have been completed and installed or a cash or equivalent deposit has been made with the village sufficient in amount to ensure completion within the time specified and a deposit agreement executed by the proprietors.
- The proposed final plat complies with all applicable state statutes and village ordinances and has received the requisite statutory approval of other governmental agencies.
- That the dedication is executed by all required owners.

I, Applicant/Property Owner, have reviewed the Michigan Subdivision Control Act of 1967 and have submitted all documents, data and other information as required, and further depose that this Application and accompanying documents, data and other information are true and accurate, and further grant permission to the Village of Maybee to enter the above-described property for the purposes of gathering information related to this application.
